

Igniting our Children's Education

2009-2010 FAMILY GIVING CAMPAIGN EXTENDED FAMILY ADDRESS FORM

During the last 18 months, the Larkspur School District has lost \$1.2 million dollars in state funds and has had to impose severe program cuts. Additional mid-year cuts are expected and more reductions for the 2010-2011 school year. We need your support NOW more than ever and rely on donations from school families as the largest piece of our fundraising efforts. A donation in any amount will help us reach our goal and save our programs! Please provide the names and addresses of any grandparents, family members and special friends who would be willing receive a short letter from SPARK requesting a donation to support their loved one's education.

Student's Name _____
